DE/CS50-16DW	1/16"	1/2"	1-3/4" back flange,	50
DE/CS58-16DW	1/16"	5/8"	5/8" perforated flange with drip	50

DEFS Weeped Starter Strip/ Casing Beads (With Drip) – Designed by Vinyl Corp.™ to protect the raw edges of the new DEFS (Direct Applied) wall and ceiling systems. Weep holes provide positive drainage. Drip leg assists in moving moisture away from opening or foundation wall. Two rows of large perforations allow matrix to easily flow thru and anchor to substrate. The Vinyl Corp.™ “Keylock”™ connectors are available for alignment and base for sealant.

Caulk all intersections, butt joints, ends and corners at time of installation.
