

DEFS Casing Beads

PRODUCT NUMBER	FINISH THICKNESS	INSULATION THICKNESS	DIMENSIONS	PIECES PER BOX
DE/CS50-16	1/16"	1/2"	1-3/4" back flange,	50
DE/CS58-16	1/16"	5/8"	5/8" perforated flange	50

DEFS Casing Beads – Designed by Vinyl Corp.™ to protect the raw edges of the new DEFS (Direct Applied) wall and ceiling systems. Two rows of large perforations allow matrix to easily flow thru and anchor to substrate. The Vinyl Corp.™ “Keylock”™ connectors are available for alignment and base for sealant. U.S. Patent Numbers 5,946,870 and 6,119,429.

Caulk all intersections, butt joints, ends and corners at time of installation.
